

State Annuity Training Requirements

INTRODUCTION

This notice applies to producers who engage in the sale of annuity products to residents of the states listed below. These states require completion of specific education/training before soliciting sales of annuity products. If you are licensed to sell annuities to residents of these states, please review the information below as you may need to submit a course completion certificate with your appointment paperwork to CMFG Life Insurance Company and MEMBERS Life Insurance Company, hereafter referred to as “the Company”.

The Company will accept annuity applications from you AFTER you have met the annuity education/training requirements as described below. If you solicit an annuity sale without first fulfilling the applicable annuity education/training requirements, the application will be rejected.

Training for MEMBERS Annuity Products issued by the Company consists of six modules: MEMBERS Focus and Select II Product Training, MEMBERS Single Premium Immediate Annuity Product Training, MEMBERS Index Annuity Product Training, MEMBERS Future Income Annuity Product Training, MEMBERS Zone Annuity Product Training and MEMBERS Horizon Annuity Product Training. Each module requires approximately 15 – 20 minutes for completion. Clicking on [this link](#) will allow you to access the RegEd Annuity Training Platform (ATP) for delivery of required suitability AND product specific training.

It is critical that you stay current with new and emerging requirements for selling annuities in all states in which you do business. Again, we must return your business if requirements are not met, which means that required training must be completed prior to the solicitation of the Company’s annuity product.

ALABAMA

Effective January 1, 2017, Alabama Rule 482-1-137 requires all producers who hold a resident or non-resident license in the state of Alabama to complete the following training requirements prior to soliciting or selling annuity products (training is available via RegEd ATP):

- Annuity Suitability Training – you must complete a one-time 4-hour Alabama approved course prior to soliciting or selling annuity products.
- The Company’s Annuity Product training

If you do not complete an Annuity Suitability Training course on ATP, please include a copy of your certificate of course completion for the Annuity Suitability Training with your licenses as you submit your appointment paperwork.

ALASKA

Effective October 16, 2011, Alaska regulation 3 AAC 26.770+ requires all producers who hold a resident or non-resident license in the state of Alaska to complete the following training requirements prior to soliciting or selling annuity products (training is available via RegEd ATP):

- Annuity Suitability Training – you must complete a one-time 4-hour Alaska approved course prior to soliciting or selling annuity products.

- Annuity Suitability Training – you must complete a one-time 4-hour District of Columbia approved course prior to soliciting or selling annuity products.
- The Company's Annuity Product training

If you do not complete an Annuity Suitability Training course on ATP, please include a copy of your certificate of course completion for the Annuity Suitability Training with your licenses as you submit your appointment paperwork.

FLORIDA

Effective October 1, 2013, Florida requires all producers who hold a resident or non-resident license in Florida to complete the following training requirements prior to soliciting or selling (training is available via RegEd ATP):

- The Company's Annuity Product training.

Effective October 1, 2014, Florida's senior suitability training is as follows:

- Senior Suitability training will be part of the 5-hour CE Update courses for the appropriate lines of authority, and not a separate requirement.

Updated October 1, 2018

- The 5-hour update courses will not satisfy specifically required CE courses, such as senior suitability or hurricane mitigation, for compliance cycles that end before October 31, 2014.
- The 5-hour CE Update courses included non-annuities material as well as Senior Suitability, and are a requirement for maintaining a license.
- **NOTE:** Nonresident agents and adjusters of Florida who are licenses and complete continuing education requirements in a state reciprocal with Florida will not be required to complete a 5-hour course.

GEORGIA

Effective March 1, 2016, Georgia requires all producers who hold a resident or non-resident license in the state of Georgia to complete the following training requirements prior to soliciting or selling annuity products (training is available via RegEd ATP):
